

Advance Family Dental Celebrates 30 Years in Business

I opened the doors to Advance Family Dental 30 years ago. As I reflect on those years, it's amazing to see the growth in this fast moving industry and more specifically in dental technology.

I'm proud that my family oriented business has kept pace with these advancements to keep us at the top of the game. We offer a one-stop dental service for the convenience of our busy patients and their families. From same day crowns to full-service orthodontics to basic teeth cleaning, our business is designed to meet your needs.

In 30 years I've seen it all. Dentistry has changed but at Advance Family Dental, we continue to offer you the same small town, friendly customer service you've always known.

During the month of June, we'll be celebrating our 30 years of business. I hope that I'll see you and your family soon. Enjoy your summer! Dr. Z

Creating Beautiful Smiles Everyday

"My teeth have never felt cleaner and well cared for and everything was gentle and pain free."

- Karen

"The staff is friendly and they make you feel at home."

- Eric

"Thank you for your flexible schedule. I love that my kids ortho and cleaning appointments are on the same day. One visit for everything and, most important, ON TIME!"

- Anne
